La marque Décopatch

Décopatch brand

Depuis 1993, Décopatch révolutionne le monde du loisir créatif. Personnaliser ses objets devient plus facile grâce à ce papier étonnamment résistant et décoratif.

Since 1993, the Decopatch technique has revolutionised the world of arts and craft. Customising objects became easier thanks to this amazingly resistant and decorative paper.

Le papier Décopatch s'applique sur toutes les surfaces (planes ou volumineuses) et sur toutes les matières (papier mâché, bois, plastique, fer, verre, polystyrène...). Même sur le tissu lorsqu'il est tendu !

Il ne se déchire pas lorsqu'on le colle et ses couleurs ne déteignent pas.

De toutes sortes, de toutes tendances, à pois ou à rayures, uni ou à motifs, version pop ou savane...Il y en a pour toutes les décos !

Très facile à appliquer grâce à sa finesse et à sa résistance une fois encollé, le papier Décopatch est l'unique papier à donner un aspect lisse et l'illusion d'une peinture à vos réalisations !

Decopatch paper can be laid over any surfaces (flat or uneven) and all materials «papier mâché», wood, plastic, glass, iron, polystyrene...

Even on fabric when stretched !

It does not tear off when you glue it and the colour stays on and does not fade.

We offer papers of all kinds , trends, with dots or stripes, plain or patterns, pop or jungle version : there is something for every idea and decorating desire !

Very easy to use thanks to its thinness and also its strength when applying the varnish glue, Decopatch paper is the only paper to give a smooth texture and the illusion of a painting !

• La technique • *The technique*

• Décopatch c'est... *Décpatch is ...*

• Le résultat *The result*

Le vernis-colle PaperPatch a l'aspect d'une colle blanche, mais une fois appliqué sur vos supports, seul le côté vernis apparaît !

Pour imperméabiliser (indispensable pour le mobilier, les objets usuels...) et unifier vos réalisations, Décopatch vous propose en complément, le vernis vitrificateur en 3 gammes : le satiné, l'ultra-brillant et le mat.

The varnish-glue looks like white glue but it becomes transparent and only the varnish appears !

To waterproof (essential for furniture, everyday objects and those outside) and protect your decoration, Decopatch offers varnish sealer in 3 versions : satine, ultra gloss and ultra matt.

Etape 1 *Step 1*

Déchirer à la main des petits morceaux de feuille Décopatch.

Tear up small pieces of paper.

Etape 2 *Step 2*

Appliquer une fine couche de vernis-colle sur la surface à coller. Puis à l'aide du pinceau encollé, appliquer le papier. Passer en dessous et au dessus du papier pour le collage. Ne pas hésiter à appuyer fortement sur le pinceau afin que le papier épouse parfaitement la surface de votre objet.

Brush a coat of glue on the base to decorate and pick up a piece of paper with the brush.

Place it on the base and brush varnish-glue over the paper. Simply think : « on » and « over » your paper ! You can press hard, the paper is strong.

Etape 3 *Step 3*

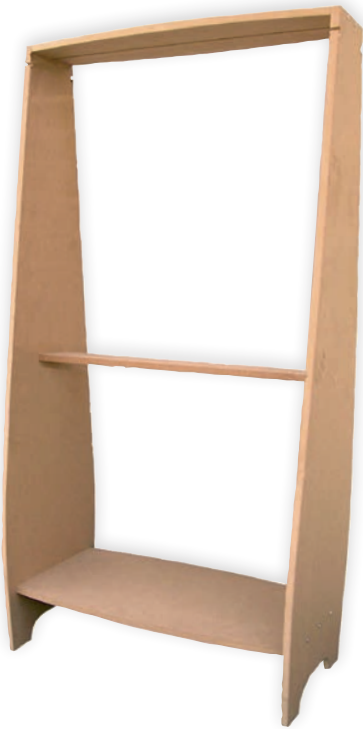

Continuer ainsi en superposant légèrement les morceaux de papiers afin de recouvrir intégralement et de façon uniforme votre objet.

Carry on placing other pieces of paper edge to edge, with a slight overlap to completely cover the object.

Paperpatch

PaperPatch permet à la fois de coller le papier et d'assurer une couche de protection.

Nous le fabriquons spécialement pour le papier Décopatch qu'il permet de coller sans l'altérer.

Une fois sec, PaperPatch laisse sur le décor un film satiné. Il se nettoie à l'eau.

PaperPatch subit régulièrement des tests en laboratoires indépendants.

Il est conforme aux réglementations les plus drastiques en Europe et aux Etats-Unis.

PaperPatch varnish-glass will not only glue the paper to the base but also add a protective coating.

It is specially formulated for use with decopatch paper. It will not alter colours and adheres to any type of base. Once dry, it makes a clear, water-resistant satin finish.

Paperpatch is waterbased. It is regularly tested by independent laboratories and complies with the latest EU and US regulations. Clean with water.

Gesso

Le Gesso est une peinture acrylique très couvrante. Utilisé en sous couche, il permet de donner aux objets à décorer un aspect uniforme et blanc qui rendra les motifs du papier Décopatch plus éclatants.

Gesso is a thick white acrylic paint. It is used as a primer and to make the decorated object plain and white, which will enhance the paper's designs.
